

Meet our Piano Instructor

Francesca Foster

Francesca Foster began her musical journey with the violin in the 2nd grade. Her love for music quickly blossomed into a passion for instruments. Along the way, she added the piano, viola, cello, upright bass, clarinet, oboe, and some percussion instruments to her repertoire.

Throughout Middle & High school she continued to perform with these instruments, but took a hiatus during college. A few years ago, her passion for music reignited and took her on a teaching path. In the past 9 years, she has taught over 30 students how to play piano, strings, and to appreciate music as well.
